

REMARKS/ARGUMENTS

Claims 1-8 were in the application. In the last office action, claims 1-3 and 5 were allowed.

Claim 4 was rejected under 35 U.S.C. §112 as indefinite due to its reference to "Bluetooth". Claim 4 has been amended by deleting "such as Bluetooth".

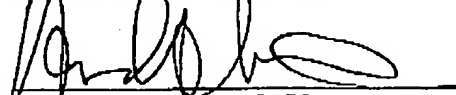

Claims 6 and 7 were rejected under 35 U.S.C. §112 for reliance on protocols. Claims 6 and 7 have been cancelled from the application.

Claim 8 was rejected on the ground that the drawings and specification did not satisfy the written description requirement of 35 U.S.C. §112. Claim 8 has been amended to substitute "base stations" for "apparatuses". The provision of base stations connected by cables is clearly disclosed in Fig. 2 of the drawings and paragraphs 0035, 0036, 0047 and 0052 of the specification. Clearly, the applicant had possession of the invention, as now recited in claim 8, and provided sufficient written description of it in the specification and drawings.

The Examiner has required a form PTO/SB/08A as a prerequisite for listing the cited references in the patent to issue on the instant application. A form PTO/SB/08A is submitted herewith.

In view of the foregoing, it is respectfully submitted that the application is now in condition for allowance. Early and favorable action is earnestly solicited.

Respectfully Submitted,

Howard F. Mandelbaum
